

Department Onboarding Checklists

Common and department-specific first-week setup and orientation checklists.

Document ID	HR-ONB-001
Version	1.0
Effective date	1 September 2026
Owner	Human Resources
Classification	Internal use - fictional demo content

How to use this document

This document is the authoritative demo source for the topics it covers. Employees should follow the numbered section that matches their question. Where manager, HR, Finance, IT, Security, or Compliance review is stated, the document describes a review process and does not guarantee approval.

Scope notice: Salary, payroll, individual medical records, disciplinary matters, and performance records are outside this document and must be referred to Human Resources.

1. Purpose and use

This guide gives every new joiner a common first-week checklist plus tasks for the employee's confirmed department. Identity must be resolved before a department-specific checklist is returned. Completion does not grant access; requests remain subject to review.

2. Common checklist for all departments

Complete these items during the first week.

- Confirm company email, employee ID, manager, department, work location, and emergency contact process.
- Attend the welcome session and meet the manager and assigned onboarding buddy.
- Complete identity, badge, device, multi-factor authentication, and required account setup.
- Read Company Policies, Employee Benefits Guide, Office Rules, and Information Security Protocol.
- Complete code-of-conduct, privacy, information-security, and workplace-safety training.
- Agree first-week priorities, first-month objectives, recurring meetings, and communication channels with the manager.
- Use the Employee Assistant or named service contact to submit any missing hardware or software request for review.

3.1 Engineering

Complete the common checklist and these department-specific activities.

- Meet the engineering manager and assigned onboarding buddy.

- Request access to source control, issue tracking, CI/CD, development cloud, and technical documentation.
- Configure the approved development environment and security tools with IT.
- Read architecture, coding standards, testing, and deployment guides.
- Build and review a small starter change in a non-production environment.

3.2 Sales

Complete the common checklist and these department-specific activities.

- Meet the sales manager and assigned onboarding buddy.
- Request CRM, sales-content, pricing, and approved communication access.
- Review customer segments, qualification stages, handoff rules, and forecast cadence.
- Complete product positioning, data-handling, and approved-claims training.
- Shadow one discovery call and one pipeline review.

3.3 Human Resources

Complete the common checklist and these department-specific activities.

- Meet the HR manager and process owners.
- Request access to approved HR systems according to role-based permissions.
- Review employee-data confidentiality and records-handling requirements.
- Walk through onboarding, leave, benefits, and HR-letter processes.
- Shadow one employee-service case using fictional or authorized training data.

3.4 Finance

Complete the common checklist and these department-specific activities.

- Meet the finance manager and process owners.
- Request finance-system and shared-drive access appropriate to the role.
- Review approval limits, segregation of duties, and month-end calendar.
- Complete anti-fraud, confidential-data, and expense-policy training.
- Shadow one controlled reconciliation or reporting workflow.

3.5 Marketing

Complete the common checklist and these department-specific activities.

- Meet the marketing manager and campaign stakeholders.
- Request approved creative, analytics, content, and project-management tools.
- Review brand standards, publishing approvals, and campaign calendar.
- Complete customer-data, copyright, and approved-claims training.
- Prepare a small draft asset for internal review.

3.6 Operations

Complete the common checklist and these department-specific activities.

- Meet the operations manager and site/process owners.
- Request workflow, scheduling, reporting, and facilities access needed for the role.
- Review operating procedures, service levels, and escalation contacts.
- Complete workplace safety and incident-reporting training.
- Shadow one daily operations review.

3.7 Customer Support

Complete the common checklist and these department-specific activities.

- Meet the support manager and assigned mentor.
- Request ticketing, knowledge-base, telephony, and approved customer-system access.
- Review ticket priorities, response targets, escalation rules, and tone guide.
- Complete privacy, identity-verification, and difficult-customer training.
- Shadow cases before handling a supervised training ticket.

3.8 Information Technology

Complete the common checklist and these department-specific activities.

- Meet the IT manager and service owners.
- Request service desk, device-management, monitoring, and documentation access based on role.
- Review change, incident, access, and asset-management procedures.
- Complete privileged-access and security-response training.
- Resolve a supervised low-risk training ticket.

3.9 Legal and Compliance

Complete the common checklist and these department-specific activities.

- Meet Legal and Compliance leads and key business contacts.
- Request matter-management and approved document-repository access.
- Review confidentiality, conflicts, retention, and legal-hold procedures.
- Complete code-of-conduct, anti-bribery, and privacy training.
- Review a fictional low-risk intake under supervision.

3.10 Procurement

Complete the common checklist and these department-specific activities.

- Meet the procurement manager and category owners.
- Request purchasing, supplier, contract, and reporting access appropriate to the role.
- Review purchase approvals, competitive sourcing, conflicts, and supplier due diligence.

- Complete anti-bribery, information-security, and contract-routing training.
- Shadow one purchase request from intake to handoff.

4. End of first week review

Review progress with the manager and agree the next steps.

- Review completed and outstanding items with the manager.
- Confirm that access received matches the employee's role and report excessive access.
- Record questions, training needs, and first-month actions.
- Escalate unresolved issues to People Operations at hr.support@company.com.
